AUTHORITY BUDGET

FISCAL
YEAR:

FROM:4/1/2017

TO:3/31/2018

Answer all questions below. Attach additional pages and schedules as needed.

1. Complete a brief statement on the 2017 proposed Annual Budget and make comparison to the 2016 adopted budget for each operation. Explain any variances over +/-10% (As shown on budget page F-4 explain the reason for changes for each appropriation changing more than 10%) for each line item by operation. Explanations of variances should include a description of the reason for the increase/decrease in the budgeted line item, not just an indication of the amount and percent of the change. Attach any supporting documentation that will help to explain the reason for the increase/decrease in the budgeted line item. For example, if anticipated service charges have increased 15% due to an increase in rates, provide documentation of how the increase occurred (Example Rate Increase authorized by resolution or by HUD). **The proposed budget includes lower projected funding from HUD for public housing operating subsidy based on lower budgeted utility costs. Excess utility income from tenants is expected to be lower based on the amount of tenants that participate in the program. Funding from HUD for the housing choice voucher program is expected to be higher based on anticipated higher rental payments to landlords principally based on the additional leasing up of available vouchers. In expenses, administrative salaries are expected to be higher as p\time staff is needed for additional time. Utility costs based on formula and rate are budgeted as lower and rents to landlords are anticipated to be higher based on additional leasing of available vouchers.**
2. Complete a brief statement on the impact the proposed Annual Budget will have on Anticipated Revenues, especially service charges and on the general purpose/component unit financial statements. Explain significant increases or decreases, if any. An increase or decrease is considered significant if it is over +/-10% (As shown on budget page F-2 explain reason for change for each revenue changing more than 10%) from the current year adopted budget.
The majority of Authority's revenue is generated by formula. Individual tenant charges is based on their income and not the budgeted needs.
3. Describe the state of the local/regional economy and how it may impact the proposed Annual Budget, including the planned Capital Budget/Program.
The local economy is stable and not expected to impact the budget.
4. Describe the reasons for utilizing Unrestricted Net Position in the proposed Annual Budget, i.e. rate stabilization, debt service reduction, to balance the budget, etc. If the Authority's budget anticipates a use of Unrestricted Net Position, this question must be answered. **To provide for lower budgeted rental income due at apartment turnover and anticipated funding from HUD at a proration of less than 100%.**
5. Identify any sources of funds transferred to the County/Municipality as a budget subsidy or a shared service and explain the reason for the transfer (i.e.: to balance the County/Municipality budget, etc.).
None.
6. The proposed budget must not reflect an anticipated deficit from 2017 operations. If there exists an accumulated deficit from prior years' budgets (and funding is included in the proposed budget as a result of a prior deficit) explain the funding plan to eliminate said deficit (N.J.S.A. 40A:5A-12). If the Authority has a net deficit reported in its most recent audit, it must provide a deficit reduction plan in response to this question. **(Prepare a response to deficits caused by the implementation of GASB 68). The Authority's accumulated deficit is solely based on accounting for OPEB and GASB # 68, noncash expenses. The actual budgeted deficit for the proposed year as budgeted is \$ 18,681.**
